Dear NYS DEC ET AL

New York

State DEC has LAWFULLY and PROPERLY Received a FOIL / FOIA and. The Stonewalling and EVASION and RESISTING regarding the PIN HOLE MILL POND Machine at Ticonderoga is One Thing BUT \$ 10 TEN BUCKS for Anita and Clifford Witham's 550

Acres at Harris Bay The Warren County Deed Records Show **10 Lousy RESERVE NOTES we re paid for the Harris Bay Wetlands.**

I have properly and lawfully directed demands to the Commissioner's EMail and Region 5 as well as other DEC / EVCON EMail Addresses and Governor Cuomo's Office as well as Eric Schneiderman.

FACT IS The PIN HOLE MONEY MACHINE in Ticonderoga is one thing BUT the Information on Anita and Clifford Witham's (AND FAMILY) Marina at Harris Bay Is Another. **DEC RANGER - Mark Stewart's Son BOB STEWART and Richard Bartlett sold 550 acres**

at Harris Bay for \$10 Bucks (Reserve Notes) The records of the

ACTUAL AMOUNT PAID is demanded. It seems that Bob Stewart's Dad

was a DEC Warden and Richard Bartlett was a STATE OF NEW YORK AGENT / Employee
..... Soinds sorta CUSHY HUH

I was attacked and slammed to the floor at DEC Headquarters in 1975 and a LAWFUL Open Records Inspection by Me was VIOLENTLY Terminated. The massive personal information files on My Parents ????. Why was NYS DEC compiling investigation files on My Parents and Our Family ????

New York State and DEC / EVCON open all the files on the Harris Bay Anita Clifford Witham and the PIN HOLE Mill Pond Matters as described to You.

Your Clock is ticking You Have Been properly served and ACTUALLY NOTICED.

Your request has reach an email address that DOES NOT process FOIL requests. You will find the proper FOIL procedure below and the link for that proper procedure included.

Freedom of Information Law (FOIL)

In New York State, the Freedom of Information Law (FOIL) governs public access to agency records.

Requesting DEC Records

To view or request copies of records held by DEC you may send a letter or a completed [Application for Access to Records \(PDF\) \(22 kB\)](#) by mail; fax, or e-mail to:

Records Access Officer
New York State Department of Environmental Conservation
625 Broadway
Albany, NY 12233-1500
phone: [\(518\) 402-9522](tel:(518)402-9522)
fax: [\(518\) 402-9018](tel:(518)402-9018)
e-mail: access.records@dec.ny.gov

Please be as specific as possible when requesting records, so that we may easily identify which records maintained by the Department are responsive to your request.

Records Available Online

Many of the Department's records are available online. Search DEC's website and online databases prior to submitting a formal request. This may either satisfy your needs or help to refine your request.

Information about Spill Incidents, Remedial Sites and Bulk Storage

DEC's [Environmental Site Database Search](#) can provide information on:

- Oil and chemical spills
- Sites being addressed under DEC's Superfund, Brownfield Cleanup, Environmental Restoration and Voluntary Cleanup programs
- Records of petroleum and chemical bulk storage or major oil storage facilities, and
- Resource Conservation and Recovery Act Subpart-C Corrective Action Program records.

Subject: Fwd: FOIL Request FMO-15-012171

To ALL ADDRESSEES

The PIN

**HOLE was engineered,
constructed and operated
on Purpose with
SCINTER.**

The Lake George Water Levels Problems are NOTHING NEW. The Lake George Association and the State of New / International Paper / Systems Properties / LaChute Hydro and the Courts have been involved **even before Langmuir and Apperson began talking issue with the MILL POND OPERATIONS**

The PON HOLE was designed, built and operated to PROFIT the Mill Pond Operators so that the Mill Ponders could process VAST FOREST PRODUCTS and Make VAST FORTUNES doing it. **The PIN HOLE was an INTENTION CONSTRUCTION.**

I want Your records they relate to PONDING BACK WATER by the Pin Hole Operations for the Mill Ponders. You see 550 Acres of My Parents Property were sold to New York State for \$10 (TEN BUCKS) The State of New York BUILT the PIN HOLE with Systems Properties and International Paper. The WINTER Ice and Snow Manipulations of Lake George during WINTER is what destroyed Anita and Clifford Witham's Marina year after year after year after year. **So the State's PIN HOLE / MILL POND system during WINTER caused My Parents to be WIPED OUT.....** Many Years in a row. The Financial Devastation resulted in Mark Stewart's Son BOB and Richard Bartlett to sell 550 Acres of Anita and Clifford Witham's Land at Harris Bay for \$10 (Ten Bucks) to the State EVCON / DEC.

The State's PIN HOLE MILL PONDING WINTER LAKE DRAINING OPERATIONS caused the Whole Thing and They get My Parent's Marina, Home and Land. So Bob Stewart (DEC's Mark Stewart's Son) and DEC / EVCON and Richard Bartlett after Operations of the PIN HOLE divvy up Mom and Dad's Home and Business and Tree Farm after several years of DEVASTATING WINTER AND SPRING ICE MANIPULATIONS **Operating the Mill Pond PIN HOLE.**

Per FOIL and FOIA I am asking for the records regarding the \$10 Purchase of Mom and Dad's Swamp / East Shores Harbour by the State and the records regarding the Alexandria Street Bridge and Penstock and Dam or THE PIN HOLE MACHINE .

Water levels in the lake George Basin (263 Square Miles / 152,000 Acres) drained through a Pin Hole **The Shore, Boat House, Retaining Wall, Islands and My Parents Marina all destroyed as a result of the MILL POND PIN HOLE MONEY MACHINE**

NOTE this Pin Hole Machine allows the Water to be **turned into GOLD**

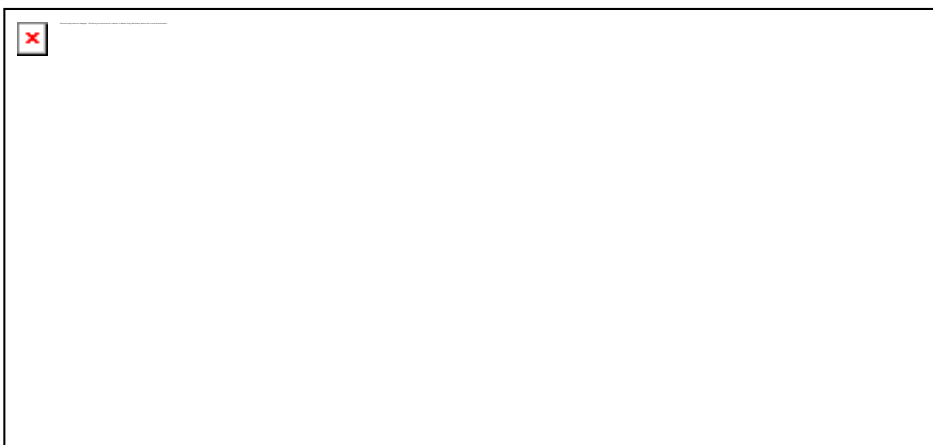

Billions have been made using the Mill Pond to benefit the Forests Products Lobby and all the others that FED OFF OF THIS

Winter Draw Down , Pin Holes and Bath Tubs , Uncontrolable Spring Water Rise and all on account of the Purposely Designed and Operated Mill Pond Machine , New York State's Pin Hole Scheme.

Please produce all Your Records in Electronic Format to save costs.

Thank You

Judson Witham

Subject: Re: FOIL Request FMO-15-012171

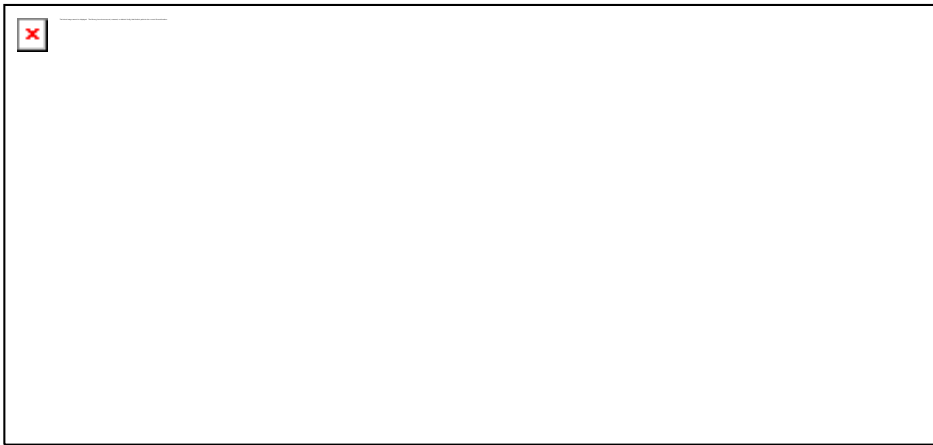

To: Laura.Lorini@dot.ny.gov

Dear Ms. Lorini, NYS DOT

The Alexandria St. Bridge in Ticonderoga NY. The Underpass where Lake George passes UNDER the Bridge is located IMMEDIATELY before the Dam and Penstock that manipulates Lake George Water levels.

This Bridge is a STATE BRIDGE and the LAKE is a STATE LAKE. The Design of the UNDERPASS The FLOW CAPACITY of WATER that the Bridge Allows to drain, THE DESIGN PLANS and FLOW CAPACITY of the Bridge, including it's construction engineering and plans THIS IS WHAT I AM SEEKING from NYS DOT and others.

Here is a PICTURE of that BRIDGE it indicates Rt 77 I think

This Underpass and the Dam and Penstock control the Lake George Lake Level and I want the Construction Date, Who Designed It, and What the Underpass Width and Water Capacity Is. The Underpass drains 263 Square Miles of a 152,000 acre Lake Basin I am asking for these records FOIL To Your DOT as well as others.

O also seek the same information on the RAIL ROAD BRIDGE just WEST of Fort Ticonderoga. Here is a Picture of That Bridge. The LaChute River passes through it.

THANK YOU

Please Respond and provide the Information in Electronic Format per FOIA / FOIL
